

Enjoy the freedom of nationwide calling, liberated from contracts, monthly bills, and security deposits with Prepaid Calling from Union Wireless. Get great coverage on Union's extensive national network without the hassles of a credit check, unexpected charges, or hidden fees.

Prepaid Calling from Union Wireless is ideal for:

- Budget conscious customers
- Teenagers in need of cost control
- Credit challenged consumers
- Users that are in the market for a short time
- People with minimal needs for mobile service

Union Wireless offers two methods to enjoy mobile calling, while maintaining budget control.

1. **PAY PER USE** - for customers who only pay for service when they use it.
2. **PAY PER MONTH** - allows customers to purchase a month's worth of service based on their own personal estimations, at a lower cost.

Only ONE line per account on any Prepaid Calling option, with no pooling of minutes shared with multiple lines/accounts.

PAY PER USE

With **PAY PER USE** Prepaid, each time a call is made, a text message is sent, or Internet/data access is used, a corresponding dollar amount will be deducted from your account balance. The charge for each type of usage is shown below.

Category	Cost
Voice Call	25¢ per minute
Text Message	20¢ per message
Picture Message	25¢ per message
Data Usage (Internet)	1¢ per KB

Keeping your account current is as easy as adding occasional replenishments within a set time range, with a minimum investment of only \$15. By adding funds to an account within specific time frames (shown below), your account balance can be extended beyond the initial expiration period. Best of all, adding voice, message and data funds to your Pay Per Use Prepaid Calling service can be accomplished whenever desired. All funds in an account always have the same expiration date.*

Refill Amount	Expires In*
\$15.00 - \$29.99	30 Days
\$30.00 - \$74.99	60 Days
\$75.00 - \$99.99	90 Days
\$100 plus	365 Days

*Account balances will expire at 12:00 am MDT on the last day of a cycle when no new funds have been added.

PAY PER MONTH

With a **PAY PER MONTH** Prepaid Calling account, you're in control. Purchase a month's worth of service based upon the amount of service you anticipate using by customizing the minutes, messages and data you want, based upon your individual needs. **PAY PER MONTH** calling plans come in three popular options:

TALK • TALK & TEXT • TALK, TEXT & INTERNET

PAY PER MONTH calling plans offer several advantages over the **PAY PER USE** calling plan including:

More economical per-minute charges • Provide a bucket of minutes to use at will

Some **PAY PER MONTH** calling plans include **FREE** Mobile-to-Mobile calling** • All **PAY PER MONTH** calling plans include **FREE** Night and Weekend Minutes**

**FREE Mobile-to-Mobile Minutes and FREE Night and Weekend Minutes are free when originating from Union's Home Calling Area (Wyoming, Northwestern Colorado and Northeastern Utah).

Users can also have a credit card of file, allowing an automatic charge each month to keep the account active.

PREPAID TALK

Provides for voice service, but will allow the customer to send and receive both text and picture messages as well as browse the Internet for an additional fee.
